[LinkedIn](#) | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Experienced full-stack web developer with a background across web and mobile development and professional experience in Dubai. Specializes in building reliable, high-performance websites, e-commerce platforms and digital experiences for UAE businesses. Rebuilt a 32-route corporate platform and led a zero-downtime migration to a cloud hosting platform while preserving Microsoft 365 email services. Combines development expertise with technical SEO, analytics and web infrastructure management.

CORE SKILLS

Web Development: Next.js, React, TypeScript, JavaScript, Tailwind CSS, HTML5, CSS3

E-commerce & CMS: Shopify, Liquid, WordPress, WooCommerce, headless commerce

Mobile & Backend Services: Flutter, Dart, Android (Java), Firebase Realtime Database, Authentication, Analytics

SEO, Analytics & Infrastructure: Technical SEO, GA4, Search Console, Tag Manager, web hosting, DNS, cPanel, Microsoft 365, SSL

Tools & Delivery: Git, GitHub, CI/CD, Gradle, Claude Code, MCP

PROFESSIONAL EXPERIENCE

AK International LLC (AKI) | Dubai, UAE 2022 - Present

Web Developer & SEO Specialist

- Rebuilt akiuae.com as a Next.js 14 application with 32 statically generated routes, improving load performance and Core Web Vitals.
- Led a zero-downtime DNS and hosting migration from GoDaddy to a cloud hosting platform while preserving Microsoft 365 email records without interruption.
- Build and maintain corporate websites, product pages and web applications using Next.js, WordPress and React Native.
- Manage the Esthica e-commerce store on Shopify, including theme updates, product catalog maintenance and payment-gateway support.
- Manage technical, on-page and off-page SEO, with performance tracked through GA4 and Google Search Console.
- Administer Microsoft 365, Google Workspace, cPanel, domains, DNS, SSL, hosting, backups, security and disaster-recovery readiness.

Independent E-commerce & Web Projects | Dubai, UAE 2023 - Present

Freelance Full-Stack & E-commerce Developer (Part-time)

- Built a Next.js headless storefront for Beatryx with checkout integrated into the Esthica Shopify backend.
- Developed a fast, SEO-friendly Next.js content platform for Flavor & Figures, a Dubai food media channel.
- Integrated GitHub, Figma and deployment tools into an AI-assisted development workflow.

ArhamTechMind | Remote / India 2020 - 2022

Android & Flutter Developer

- Developed and published Android and Flutter applications on Google Play, including Islamic utility apps used by international audiences.
- Migrated legacy Java applications to Flutter using Firebase Realtime Database, Authentication and Analytics.
- Led testing and debugging cycles to improve application stability and responsiveness.

csdevbin | Hyderabad, India 2017 - 2019

Android Developer

- Built and maintained native Android applications in Java within an agile delivery team, shipping production modules on schedule.
